For Your Eyes Only!

V7 Privacy Filters are excellent for open, high-traffic environments or wherever on-screen data needs to be kept private. Screen data is visible only to persons directly in front of the monitor without blurring or distortion. The filter darkens on-screen information when viewed from the side. It is easy to attach and remove, and can be left in place even when your notebook computer is closed. Sizes are available to fit most laptop computers and desktop displays.

V7 Privacy Filters for Notebooks and Displays

V7 PS12.1WA
- Privacy Filter for 12.1″ Notebooks
- 16:10 Aspect Ratio
